## Superintendent's Corner

On January 31, 2023, the New York State Education Department held a joint meeting with Minerva's School Board and ours. Information was presented on the process and advantages of the two schools merging. During the presentation, information was shared on the reorganization of schools, some specific to our two schools. Here are a few important points from the presentation.

- Two different types of reorganization were discussed. Centralization and Annexation. Both schools, at this point, are interested in Centralization. This is when two school districts merge together to create a new district. A new district is created that includes the entire area the two districts encompassed prior to the merge.
- The State gave several reasons why a district would look at reorganizing. The merged district would have more resources, more/stronger educational programs, and a larger tax base.
- If a merger goes through, the new district would see a financial incentive for building and State aid. Building aid would go from 46% to 76%. Our combined State aid will increase by \$400,000 for the first five years, and for the next nine years, the increase will go down but continue.
- The process for the merger to move forward starts with each school Board individually voting on deciding if they want to proceed with

the Feasibility Study. (Johnsburg's School Board voted on February 13 to move forward, and Minerva's School Board did the same on February 15.) After the Feasibility Study is completed, the two School Boards then vote to decide if they are going to continue with the merger process. If both vote to continue, the community is asked to do a "straw poll" vote. For this vote, each school community votes independently using a ballot that has the question, "Do you support the merger between Johnsburg and Minerva?". Again, if both communities vote yes to proceed, there is one final vote. The last vote is referred to as the Statutory Vote (or Commissioners Vote), and again, the two communities vote independently, asking if they support the two schools merging. In addition, with this ballot, there are additional questions like how many School Board members there would be, term limits, and a few other specific questions.

- If the Statutory vote passes, a new district is created using the entirety of both districts.
- New districts are always created on July 1st, which is the start of the school calendar year.

This is a very important process, and the decision affects our entire community. It does not matter if you have children in school; this decision will impact everyone. I encourage everyone to ask questions and become involved. If you want more information or have questions, please call, or come in and talk with me.

## QUESTION OF THE MONTH

This month's question was asked to Mrs. McKenna and Mrs. Webb's first-grade classes.

**"Imagine you find a pot of gold! What would you do with it?"**

**Stephen Morehouse:** I would buy lots of Legos and snacks.

**Katherine Canon:**

I would buy a mansion with a pool for my family.

**Jace Thissell:** I would share it with my family.

**Grayson VanAken:** I would buy lots of really cool stuff, especially my own game station.

**Cadia Ovitt:** I would turn it in to the cops. I wouldn't steal it. Maybe the cops would give me a little for being honest.

**Wyatt May:** I would definitely buy a mansion, a huge pool, and an orange Lamborghini.

**Eleanor Ballard:** I would put it all in my piggy bank.

**Robert McComsey:** I would buy a racecar and get a golden bar made.

**Hollis Olesheski** "I would share it with my friends!"

**Rhys Olesheski:** I would take the gold and make a place to work that helps animals!

**Josie-Lyn Beaudrot:** I would buy some toys for everybody.

**Cooper Haines:** I would buy a remote control toy car!

**Joseph Thissell:** I would buy a remote control car!

**Sophia Hungerford:** I would give the money to my grandma!

# COACHES CORNER

We've made it past the 100th day of school and things have been exciting in PE this month! To celebrate the 100th day, students in grades 1-5 did 100 exercises! 100 seemed like it would be too much for them, but everyone was successful and reached 100! Ask your child(ren) to show you some of the exercises they did and try them at home. 10 exercises with 10 reps each!

Students in grades 4-12 completed the archery unit this past month. Our archery team is getting ready for the state tournament on March 10th.

Good  
luck  
archers!!

## Athletics:

Congratulations to all our winter sport athletes and coaching staff. Winter weather can be tricky and all our teams were flexible and able to complete the season. Special thanks to all our bus drivers for getting our teams safely to their destinations this winter!

Spring sports are starting soon, so make sure your child(ren) has an updated physical before the start of the season. Contact Nurse Aurilio if you have any questions. Varsity baseball and Softball will be starting March 13th and modified softball and baseball will be starting March 27th. Modified and varsity tennis start date will be announced. We would like to welcome our coaches for the spring season  
Varsity Baseball: Pete Olesheski  
Varsity Softball: Allison Gonyo  
Modified Baseball: Jake Sauer-Jones  
Modified Softball: Aileen Stevens and Charlize Bernard.

Tennis: TBD

We wish all players and coaches the best of luck this spring season.

We are looking forward to finishing up the winter season with some sledding in PE and looking forward to spring and sunshine and getting back outside!

Happy March, Johnsburg Families,  
**Sports Physicals will be held on March 9th-Sign up in the health office.**

Looking ahead to next year:

- Students starting Pre-Kindergarten and Kindergarten have several vaccine requirements to start school; please check with their doctor or me to make sure they are up to date before starting school in the fall.
- Students going into grade 6 are required by NYS law to have their Tdap vaccine.
- Students going into grade 7 are required by NYS law to have their Meningitis vaccine.
- Students going into grade 12 are required by NYS law to have their second Meningitis vaccine.
- Students entering grades PK, Kindergarten, 1, 3, 5, 7, 9, and 11 require a physical within 12 months of the upcoming school year.

Please pack extra clothes for your child(ren) in at least grades PK-3 in case of unforeseen needs.

Please also remember to pack healthy snacks and water bottles for your kids, especially if staying after for sports/clubs.

As always, please reach out with any questions or concerns; I'm happy to help!

Be well,

### **North Creek Depot Museum Presents “Interview with the Curator”**

North Creek, New York - The North Creek Depot Museum is proud to present a new video titled, “Interview with the Curator”.

The North Creek Depot Museum produced a video titled “Interview with the Curator” with President and Curator Greg Schaefer and host Erin Corr. The video was presented as part of an exhibit of winter sports, titled “Daring Descents” (through February 28<sup>th</sup>) at the Tannery Pond Center in North Creek on Friday, January 20. During the interview, Greg spoke about the story of the Adirondack Railroad and its effect on the region during the period between 1930 and 1945. He described the history of the “Snow Trains” that brought the first skiers up from Schenectady and later from New York City. This was the beginning of the development of skiing at Gore Mountain.

The host and editor of the video, Erin Corr, worked closely with the museum educator, Frances Gaffney. Erin is a senior at Johnsburg Central School in North Creek. She intends to study film and animation in the future.

The video project was funded in part by the Museum Association of New York Pomeroy Fund for NYS History and sponsored by the North Creek Railway Depot Museum. Plans include showing the video at area senior citizen centers and at the Johnsburg Central School in the spring.

The museum building is both a National Historic Site built in 1872 and a New York State Theodore Roosevelt Historic Site. It was on the train depot platform where Roosevelt learned he was to become the 26th president of the United States on September 14, 1901.

The North Creek Depot Museum is owned and operated by the North Creek Railway Depot Preservation Association. It is a fully accredited Museum of the History and Culture of the Gore Mountain Region. This year marks the museum’s 23rd year in operation. Please see the museum’s website at [www.northcreekdepotmuseum.org](http://www.northcreekdepotmuseum.org) for information about hours of operation and future events.
