New York State Student Learning Objective Template Building Wide Score 2022-2023

| All SLOs MUST include the following basic components: | | | | | | | | |
|-------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|--|--|
| Population | These are the students assigned to the course section(s) in this SLO - all students who are assigned to the course section(s) must be included in the SLO. All students assigned to NYS Common Core Geometry, English, US History, Living Environment. | | | | | | | |
| Learning Content | What is being taught over the instructional period covered? Common Core/National/State standards? Will this goal apply to all standards applicable to a course or just to specific priority standards? Common Core Standards: Geometry: English: US History: Living Environment: | | | | | | | |
| Interval of Instructional Time | What is the instructional period covered (if not a year, rationale for semester/quarter/etc)? Academic Year 2022-2023. | | | | | | | |
| Evidence | What specific assessment(s) will be used to measure this goal? The assessment must align to the learning content of the course. NYS Common Core Geometry, English, US History, Living Environment | | | | | | | |
| Baseline | What is the starting level of students' knowledge of the learning content at the beginning of the instructional period? | | | | | | | |

| Target(s) | What is the expected outcome (target) of students' level of knowledge of the learning content at the end of the instructional period? | | | | | | | | | | | | | | | | | | | | |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|-----------|-----------|-----------|-----------|-----------|-------------------|-----------|-----------|-----------|------------|-----------|-----------|-----------|-----------|-----------|-----------------------|--------|-----|
| | | How will evaluators determine what range of student performance "meets" the goal (effective) versus "well-below" (ineffective), "below" (developing), and "well-above" (highly effective)? | | | | | | | | | | | | | | | , | | | | |
